Volume II
Chapter I

First dates,
cheating, and
covert slut tells

Something that most Men are clueless about, is how much you can learn about a woman's motivations, character, habits, and intentions on the first date. We are so happy that a pretty girl actually agreed to go out on a date with us, that we completely ignore anything she does or says that could put her in a negative light. And the reason for this is that most Men do not have abundance. In other words, we feel like the woman sitting in front of us on our first date will be the one and only woman we have an opportunity with for a very long time.

This mentality leads to Men asking themselves "How could I not know she was cheating on me?" or "This came out of nowhere...how could I miss the signs?" Well the answer to this question is twofold: #1, Men simply don't pay attention, and #2,

Men have no idea what to look and listen for to pick up on any red flags his date may have.

Whether they realize it or not, women tell us a lot about themselves on the first date. Yes, does it take time to really learn about who and what a woman really is. But you will never get more information at one time, than on the first date.

This chapter will teach you how to spot a woman who is looking to exploit you financially and what to do to protect your wallet, how to recognize a woman who has a promiscuous past, how to distinguish the difference between a woman who regularly puts herself in situations that lead to infidelity and a woman who tries to avoid them, and most of all, how to identify a

a woman who is preemptively creating an environment to cheat on you later down the road.

First dates contain a treasure trove of information that quite literally determines the difference between knowing when to pull the plug, and getting your life destroyed because you were too concerned about whether or not you'll sleep with her, rather than paying attention and realizing that the woman sitting in front of you, is only good for sex.

Adhering to the knowledge in this chapter will save you a lot of money, heartache, and most of all, time.

What she **SAYS**:

*“So, what do you do
for a living?”*

What she **MEANS**:

What kind of life can
you provide me if we
get serious?

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Women are never REALLY interested in what you actually do for a living. They're interested in how much money you make. As far as she's concerned, being a CEO or a drug lord doesn't matter because she knows both of these occupations pay very well.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“What kind of
woman are you
looking for?”*

What she **MEANS**:

I'm going to pretend
to be exactly what you
want in a woman

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

When women ask this question, they want you to think that they're really interested in what you're looking for in a woman. They're not. They're interested in what it's going to take to MIMIC the kind of woman you tell her you're looking for so she can trick you into thinking she's someone she's not. The answer to this question is "I not sure....but I'll know her when I see her"

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

“What are your long term goals?”

What she **MEANS**:

Are you going to make enough money to provide me a good life?

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Women don't give a shit about a Man's goals unless it involves making money. This is one of the go to questions for gold diggers to throw their targets off the scent. This question is designed to gauge your potential future income. It has NOTHING to do with goals no matter how "interested" she appears to be.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“Have you ever been
cheated on?”*

What she **MEANS**:

*Is there something
wrong with you?*

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

NEVER and I mean NEVER tell a woman you've been cheated on. This causes her to subconsciously start asking questions about you like "is there something wrong with him?" "Is this the first time he's been cheated on?" And in the end, it kills her attraction for you because a woman disrespected you in the worst way. Telling a woman you've been cheated on is ALWAYS a bad idea. So if she asks, the answer is flat out "NO" even if you're lying.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“You're not the
jealous type are
you?”*

What she **MEANS**:

*Are you going to let me get
away with flirting with
other guys and talking to
my ex?*

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

This one is a low level shit test women like to deploy to test your mettle as a Man. This is also a way to preemptively shame you into tamping down your masculine instincts to cause you to allow her to get away with bad behavior, such as engaging in behaviors that are conducive to cheating. The answer to this question is “Jealous? No. Territorial? Yeah”

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“What's the last
movie you saw?”*

What she **MEANS**:

I don't care about that. I'm
just trying to sound
interested in you

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Girls don't give a damn about the last movie you saw. They ask this because some magazine told them to in order to sound interesting or interested. This is just a conversation filler.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

“Where do you live?”

What she **MEANS**:

Do you have a nice place?

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Girls are always keenly aware of what the socio economic statuses are with certain neighborhoods and communities. If she finds out you live in a nice area, she'll all of a sudden start showing more interest.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“What kind of music
do you listen to?”*

What she **MEANS**:

*I'm going to tell you I like
the same music to make
you think we have
something in common*

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Women do this all the time. They'll ask you questions about your likes, favorites, and preferences to find common ground so they can have a reason to say "OMG me too! We're totally soulmates!" The music question is usually the first of many on a first date. If a woman ever asks you this, just reply "you first"

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“What's your biggest
pet peeve?”*

What she **MEANS**:

What behavior do I need to
avoid until I rope you into
a relationship?

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

This is more intel a woman will gather to find out if she has any behaviors you don't like. If your pet peeve happens to be a characteristic of hers, she'll avoid that until you commit. But girls can only fake it for so long. This is why I always advise Men to date a woman for at LEAST 6 months before thinking about committing.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

“Tell me about your family?”

What she **MEANS**:

I'm trying to find out if you
come from money

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Another gold digger favorite. And keep in mind that just because you don't come from a rich family doesn't mean you don't come from a family of means. Women ask this to figure out how well off you are and women know that your family can often be an indicator of your financial status. However if you know you're never going to commit to her, give her answers that would indicate that you DO come from money like "My brother's a lawyer, and my sister Owns a small restaurant." She'll pick up on that immediately which will make it much easier to fuck her later.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

“What are your hobbies?”

What she **MEANS**:

I'm fishing for hobbies that
tell me you have money

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Be very careful here. If your hobbies include things that require a lot of money to participate in, she'll pick up on this immediately which is why she asked this question in the first place. Try to keep your answers vague like "I like to work with my hands" or "I like to spend a lot of time outdoors." It will be very difficult for her to make an assessment on your financial status based on those answers. But again, if you're just looking to fuck her and chuck her, and NOT commit, tell her that you like to go sky diving, boating, or any other hobby that indicates that you have money.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

“What do you do for fun?”

What she **MEANS**:

I want to know if you have expensive habits

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

This will be the follow up question if she doesn't get the information she needs from the hobby question. The answer here is similar to the music answer. Just tell her "What do YOU do for fun?" After she gives you her answer, change the subject. But if you're just looking to smash and dash, answer the same way you would when you tell her what your hobbies are.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“What's on your
bucket list?”*

What she **MEANS**:

I'm fishing for indicators
of wealth, status, or money

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

This one is another feeler for money or wealth. If you don't want her knowing how much money you have, give the same answers everyone else gives like take a cross country road trip, or to become a black belt in xyz martial art. But if you're looking for a one night stand or a one week fuck buddy arrangement, give her answers that indicate you have money like "buy a lamborghini in cash" or sail the intercoastal waterway.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

“Do you travel?”

What she **MEANS**:
Do you have money?

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Yep, another gold digger favorite. This one is a bit more obvious even if you're inexperienced with women. Traveling is something people with money do. Everybody knows this. So if you're looking to throw her off the scent, tell her "not lately" but if you're just looking to pound her out a few times before ghosting say something like "Oh yeah" and be nonchalant about it as if it's no big deal. She'll pick up on this and make herself ripe for the picking.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“What's the weirdest
thing you've ever
done?”*

What she **MEANS**:

Don't care. Just trying to
sound like I care about
your quirks which I don't

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

This is another question women like to ask to make us think they're interested in things other than your money and status. Girls don't give a fuck about the weirdest thing you've ever done, so put it back on her and say "you first." then when it's your turn, tell her "If you play your cards right, I'll tell you."

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“How long was your
last relationship”*

What she **MEANS**:

*I'm trying to find out if
you're a player*

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Here, she's trying to find out how experienced you are with women. If you answer "4 years" she'll know you went 4 years without sticking your dick in other chicks. The correct answer here is "How long was YOURS?" When she tells you and says "your turn!" you say "that's a hell of a lot longer than mine" which cements your player status...something she both loves and hates which is right where you want her.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“Why did you and
your ex split up?”*

What she **MEANS**:

I want to know if she
cheated on you and why

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Most relationships end because of infidelity and girls are keenly aware of this as they cheat their way out of relationships all the time. Like I said earlier, NEVER tell a woman you've been cheated on. This will turn her off immediately. Instead, tell her "I'm not gonna get into details but let's put it this way....I wasn't exactly the world's greatest boyfriend" and leave it at that. There is a 253% change she'll think you cheated which means other women find you attractive. So not only is your player status confirmed, your preselection is too.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

“Do you have a girlfriend?”

What she **MEANS**:

I know you do but I
want you to lie to me
about so I can feel
better about sleeping
with you

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Believe it or not, women do ask this question on a first date if you're running air tight game. They also ask this question when you approach which I'll cover in Section 3. Anyway, women only ask this question to men they want to fuck. And she knows that if SHE wants to fuck you, then other women will too, including your girlfriend which she knows you probably have. The answer to this question if you're on a first date is "we don't cuddle after sex so....no?" At this point she'll know you're fucking at least one other girl which greases the skids to fucking HER later. This gives her that plausible deniability when she thinks about the fact that she's being a homewrecker. She'll say to herself "well he's just fucking her so it's not like they're boyfriend and girlfriend."

What she **SAYS**:

*“What's your

What she *SAYS*:

What she **SAYS**:

Volume II, Chapter I:

IV of IV

What she **SAYS**:

*“Are you and your
friends close?”*

What she **MEANS**:

*I want to know how
hard I'll have to work
to separate you from
your friends*

Volume II, Chapter I:

First dates, cheating, and covert slut tells

Why does she say this?

One of the main reasons women ask you about your family and friends is to find out how close you are to them. Now on its face it may seem innocent. But with most women, it's NOT. Especially sluts. Sluts know that you'll have at least one family member or friend who sees her for what she really is. So to preemptively protect her facade of purity, she will target the person in your life who let's you know that she's bad news. You can be honest here but don't go into long drawn out explanations. Just say "yeah we're close" or "Yeah I have a good relationship with my brother" This will make it much more difficult for her to pinpoint the person she needs to marginalize in order to keep you from being influenced by the person who will tell you to get the fuck out.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“Do you have any
children?”*

What she **MEANS**:

*Are your finances
compromised by
children?*

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

If a girl really likes you, she's just asking out of curiosity. And keep in mind, having children doesn't decrease your sexual market value the way it decreases a woman's. If you don't want to tell her that's fine. But keep in mind it's not going to matter one way or another. But if you're dealing with a woman looking to use you for financial gain or to upgrade her life she wants to know if your money is allocated elsewhere. If you're looking to just fuck her, tell her no. But at some point she will find out about it so if you're going to lie, understand that your casual sexual relationship will be very temporary.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“What are you
obsessed over?”*

What she **MEANS**:

I'm fishing to see if
you're motivated
by money and
success

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Any woman who asks this, is 812% trying to determine your potential. If you're obsessed with things like video games, celebrities, or anything else that leads to a dead end, she's out. But if you tell her you're motivated by success, money, or retiring early, this will increase her attraction to you 10 fold.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“Do you have a busy
schedule?”*

What she **MEANS**:

How much time
will you have for
me?

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Aside from deciphering how much time you'll have for her, she also asks this question to determine whether or not you have a life. A man who does nothing but sit at home and play video games is not a man she wants to fuck. So when she asks this, tell her "Let's put it this way...there aren't enough hours in the day for what I get up to." This will let her know you have a social life, a sexual life, and a work life. In other words, she knows you won't be up her ass 24/7 which is exactly where you want her mind at.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

“What inspires you?”

What she **MEANS**:

Again, I don't really care. I
just want you to think I'm
fascinated by inspirational
Men. And I'm not.

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

This one's simple. The answer to this "question" is "me"

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

“Are you a morning person?”

What she **MEANS**:

I want to know if you're motivated. Motivation means success. Success means money.

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Women know that successful Men or potentially successful Men are early risers. Any answer but “yep” will turn her off almost immediately.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“I don't really care
about how much a
Man makes”*

What she **MEANS**:

*I definitely care but I want
you to think I don't so
you'll trust me*

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Any woman who tells you she doesn't care about how much a man makes unprovoked, cares more than most. But they also know that Men stay away from women like this because they're not trustworthy so she preemptively makes this statement to make you think she's not "materialistic." If a woman ever says this to you say "Well you should" At that point, you'll find out what her REAL thoughts are on a Man's financial status.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

“If you found a million dollars, would you keep it?”

What she **MEANS**:

I want to see if you're one of these "moralistic" guys

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Girls do not fuck Men who have morals. Why? Because they're fucking boring and girls do not like boring Men. Never be afraid to tell a woman you'd break the rules, break the law, or do something immoral. Girls love Men who are unafraid to tell the truth, even if it may appear to turn people off. Your answer here is "Fuck yeah...wouldn't you?"

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“What would you
tell your 18 year old
self?”*

What she **MEANS**:

I want to know what
mistakes you've made and
what weaknesses you have

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

This is a question designed to make you think she's a deep thinker. Girls are a lot of things....a deep thinker is not one of them. By going into what you'd tell your 18 year old self causes you to talk a lot and reveal critical information about yourself and what makes you tick...and most of all your weaknesses. If a girl ever asks you this just answer "not a damn thing"

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“What are you
afraid of?”*

What she **MEANS**:

I want to know what you're
vulnerable to

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

No matter how many times women say they want Men to be vulnerable, they're always lying. Women do not like vulnerable Men. They only PRETEND to because that's what's fashionable here in 2021. The answer to this question is: "I'm afraid of puppies" and do so with a smirk that lets her know you're being sarcastic.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“You're not one of
those shallow guys
are you?”*

What she **MEANS**:

*I'm shaming you into
allowing me to get fat, but
staying with me*

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Girls ask this all the time because they know that maintaining their girlish figure takes consistent work. And because girls don't like to work for anything, much less a man's attention and commitment, they attempt to trick you into verbally lowering your physical standards. Then when she gets fat and you dump her, she can say "You said you weren't shallow!" Your answer here is "Aren't we all?" 9 times out of 10 she'll nod in agreement.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“Do you believe in
love at first sight?”*

What she **MEANS**:

Nope, don't care. Just want
to sound like a dreamer.

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Girls know that Men of value know there's no such thing as love at first sight. They only ask this question to make us think they're the dreamy, hopeless romantic type like on television and movies. Girls are as practical as a diversified portfolio but they want us to think they're not to throw us off about who and what they really are.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“What are your
thoughts on
abortion?”*

What she **MEANS**:

If you get me pregnant are
you going to pressure me
to get rid of it?

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

This question serves two purposes. The first one you just heard from Jennifer here. The second purpose is that she's indirectly telling you that there is unprotected sex on the horizon. She may not know she's signaling this but how else can you get pregnant other than to fuck her raw? Your answer here is "Depends on the situation" and don't explain any further.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

"I have a lot of allergies!"

What she **MEANS**:

I'm setting you up to have unprotected sex with me because I'm "allergic" to latex AND lambskin

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Again, this is signalling to you that she wants to have unprotected sex with you. When you go to fuck her for the first time, she'll hit you with "Oh yeah I'm also allergic to latex." Then when you bust out your lambskin condoms she'll say "and lambskin too." To nip this in the bud if she starts telling you about her "allergies", stop her in her tracks and flat out ask her if she's allergic to latex and lambskin. She'll know exactly what you're getting at. If she says yes to both, pay your tab and ghost on her because that's a woman who wants to trap you with a kid.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“I take a pottery
class every
Tuesday night”*

What she **MEANS**:

*I fuck my ex every
Tuesday night*

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Even if she's not sleeping with her ex or anybody else, this preemptive move is to set up future cheating. "Pottery class" in womanese means "A slot that will eventually be filled with another guy I start fucking." Girls do this all the time to explain unexplained absences ahead of time and most guys don't catch this because of the newness of the girl. Always pay attention guys.

The image is a vertical poster. The top half features a woman with blonde hair, wearing a white turtleneck sweater, with a golden halo above her head. She is smiling and has her hands clasped in front of her. The background is a bright blue sky with white clouds. The bottom half features the same woman with long, wavy blonde hair, wearing a black leather jacket. She has a serious expression. The background is a dark, fiery red and orange flame. The text is overlaid on these two images.

What she **SAYS**:

*“I do crossfit every
Thursday night...”*

What she **MEANS**:

*...then go home with the
crossfit instructor*

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

This is the same as the pottery class.
Preemptively explaining unexplained
absences

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“I take random naps
throughout the day”*

What she **MEANS**:

*I'm giving you excuses for
future unexplained
absences*

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Again, she's creating the margin to cheat on you. Believe it or not, more and more girls are using the nap excuse because it gives them the freedom to be flexible with the guys they're fucking on the side. If she wants to take some dick at 2pm, she can just tell you "Oh I just took a nap...sorry."

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“I NEVER have my
phone on me”*

What she **MEANS**:

I always have my phone on
me but if you text and I'm
with another guy, I have a
preexisting excuse

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Another preemptive excuse. Girls are never without their phones. They have them out all the time. Shit, they have them out even when they're not supposed to. Never believe a woman who actually says she never has her phone on her. She is 100% lying which means the only thing she gets from you are facials.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“I travel a
lot for work”*

What she **MEANS**:

I use the traveling excuse
to go sleep with other guys

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Any woman who travels for work, sleeps around. Period. If she tells you she travels for work, she's telling you that she's not girlfriend material. Act accordingly and just fuck her. Nothing more.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“I’m a part of a book
club every
Wednesday”*

What she **MEANS**:

I sleep with my on and off
friend with benefits every
Wednesday

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Girls don't read. They don't have the attention span. This one falls under the same category as spin class and pottery class. Just opening a slot for another cock to penetrate her asshole. Not only that, women never do anything consistently except for getting fucked by a bunch of guys. So anytime a woman says she does this or that on such and such night, she's always lying. Do not commit to these females.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“I used to be
overweight, but I'm
in great shape now!”*

What she **MEANS**:

I sleep around because I
get more attention from
guys now that I'm thin

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Former fatties are always epic sluts. The reason for this is that their new found SMV overwhelms her to the point where she fucks anybody who pays her attention. Fat girls are used to being invisible to Men and when they lose the weight and start getting more attention, they don't know how to act. Beware of any girl who brags that she used to be fat. Kudos to her for losing the weight and getting fit, but you can bet your ass her notch count is in the triple digits and it probably didn't take her long to get there.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“I have my own
apartment. No
roommates, no
parents!”*

What she **MEANS**:

*Because I live alone, I fuck
a LOT of guys*

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Girls who live alone are always epic sluts. Not living with roommates or family gives them permission to fuck dozens of guys without having to do the walk of shame in front of her friends or answering to her parents or family members why she's having coffee with the 5th guy that week. Any girl who lives alone is 675% a slut

What she **MEANS**:

*I’m on ALL dating sites and
I use Tinder the most*

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Girls don't use dating apps to find love. They use them to find dick and it's easier than breathing. And if she's on one dating app, she's on them all. She tells YOU she's only on one to make you feel special. Ignore her when she says this because she's always lying here.

What she **MEANS**:

*I never use protection

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Any woman who's on birth control but isn't in a relationship is going to carry a high risk of contracting an STD, STI, venereal disease and so forth. While it's an exciting prospect to get to raw dog a bitch on the first date, be mindful of the fact that because she lets every dude she fucks blow their loads in her, this increases your risk of catching something.

What she **MEANS**:

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

We're all aware of the reputation that preacher's daughters have and this one is no different. Any girl raised in a strict household almost always goes on a dick hopping spree as soon as they get a little freedom. It didn't used to be this way, but because of the feminist culture encouraging girls to fuck anything with a y chromosome and a pulse, the things she was taught as a little girl goes right out the window. Girls who grew up in strict households are some of the biggest sluts out there.

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

If a girl you're seeing is really hot and says she's an instagram model, chances are, she's been flown out to various countries to get butt fucked by a guy or 5. 99% of hot girls are sponsored in some way shape, or form, and it often extends to prostitution masquerading as "escorting" or "keeping him company." Almost all super hot instagram models are prostitutes guys. And if she tells you she's an IG model, immediately ask her if she's ever been to Dubai. If she says yes, you need to disinfect your entire body and ghost her immediately.

“I’m a telemarketer”

What she **MEANS**:

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Call centers are crawling with hoes. Even if a girl wasn't a hoe when she started at the call center, it doesn't take long before she turns into one. I've worked at plenty of call centers and the girls there are never not fucking someone they work with. So if she tells you she is or ever has been a telemarketer, she sleeps with her coworkers on the regular which means your relationship is at risk if she simply goes to work. Do not commit to these girls.

*“I’m separated from
my husband”*

What she **MEANS**:

*I’m not separated, I’m just

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Married women know there are some Men who won't fuck them if they know they're married. So they lie and say they're separated. I've fucked plenty of wives and most of them tell me they're either separated, about to be separated, or that they live in separate houses. This is almost never true. Wives are epic sluts guys. Do not be fooled by the lies they tell you to make themselves feel better about cheating on their husbands.

“My kids come first”

What she **MEANS**:

I don't like you that much

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

When a woman tells you this, it always means that she's going to put you in the friend zone. Women are terrible mothers and act selfishly when nobody's looking. But if she's not turned on enough by you she will preemptively activate the buffer she'll use to keep you at a distance. The guys they're fucking behind their husband's backs never get told "my kids come first." Women make time for what they want. And if they want you, you'll never hear about her kids.

What she **SAYS**:

“I played sports in college!”

What she **MEANS**:

I fucked a LOT

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

If she played sports in college, this means she had a great physique which means more attention. Add that to the fact that they're around the guys who play sports and you've got a recipe for orgies, trains, and getting passed around. Any girl who played sports in college is whore of epic proportions. Girls these days are fucking dozens of guys PER SEMESTER and these are just the average run of the mill college sluts. Imagine what the body count is of a girl with an athletic body.

*“I want to live in

What she **MEANS**:

I want to sleep around

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

This isn't to say that girls don't also want to live the big city life with all the bright lights and the excitement that comes with it. But girls ALSO know that big cities are crawling with Men who want to fuck them. They know that the higher the population, the more opportunities they'll get to get their backs blown out. You also need to be careful if you live in a big city and a girl you're seeing is from a small town. She gets the same mentality as the former fattie in that all of a sudden she has more opportunities.

*“I was raised in a
foster home”*

What she **MEANS**:

I have deep rooted issues
and I deal with them by

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

Girls raised in foster homes are ALWAYS damaged. There are no exceptions. Even if a girl happens to have been raised in a “good” foster home, the psychological damage that comes with not knowing who their parents are or why they aren’t around is a cross that most women are ill equipped to bear....and that’s IF they weren’t raped or sexually abused which happens a lot more than you might think. Stay away from women who were in the foster care system. They will destroy your life.

*“I lift weights with
body builders at my

What she **MEANS**:

*I'm sleeping with those

Volume II, Chapter I:
First dates, cheating, and covert slut tells

Why does she say this?

This one's simple: Any woman who lifts weights with Men is always fucking those Men. Being around physically superior Men who are unafraid to be unapologetically masculine is an aphrodisiac for women. If she lifts weights with bodybuilders, or works out at a "meathead gym" she's fucking every dude there....guaranteed.

Volume II, Chapter I:

Why does she say this?

Women are self destructive by nature and any vice they have always leads to dick. This includes drugs and alcohol. Any woman who admits to you that she's done illicit drugs is telling you she's been fucked by a shitload of guys. There are no exceptions here.

What she **SAYS**:

*“My friends sleep

What she **MEANS**:

Volume II, Chapter I:

Why does she say this?

Women are well aware that birds of a feather flock together. If her friends are sluts, then SHE'S a slut. Even if she wasn't a slut when she first entered the group, eventually she'll succumb to the characteristics and habits of her slutty friends. Never believe a woman who tells you her friends are sluts but somehow she magically avoids getting plowed by randos. 247% of the time, she's lying about this.

What she **MEANS**:

Volume II, Chapter I:

Why does she say this?

Women are epic sluts when they travel, and age doesn't seem to matter. Whether she's a young hot college girl on spring break, a married mother of 3 on a girls trip, or cougars on their "How Stella Got Her Groove Back" trip, they take copious amounts of cock when they travel. It never fails. Any woman who's traveled with her girlfriends or alone has been fucked by Men around the world.

Daddy issues are responsible for a lot of slutty behavior. This is why it's important to find out what kind of relationship a woman's had with her father before committing anything outside of your cock 'n balls. Girls with daddy issues are flat out hoes.

To be fair, most women are sluts which means that any job or career they have has little to do with their whorish proclivities. However, there are certain occupations that give women far more opportunities to take dick than others and these are the main ones. This isn't to say that every flight attendant, hair dresser, or personal trainer is a hoe....actually, yes it is, because most women...are hoes.

Volume II
Chapter II

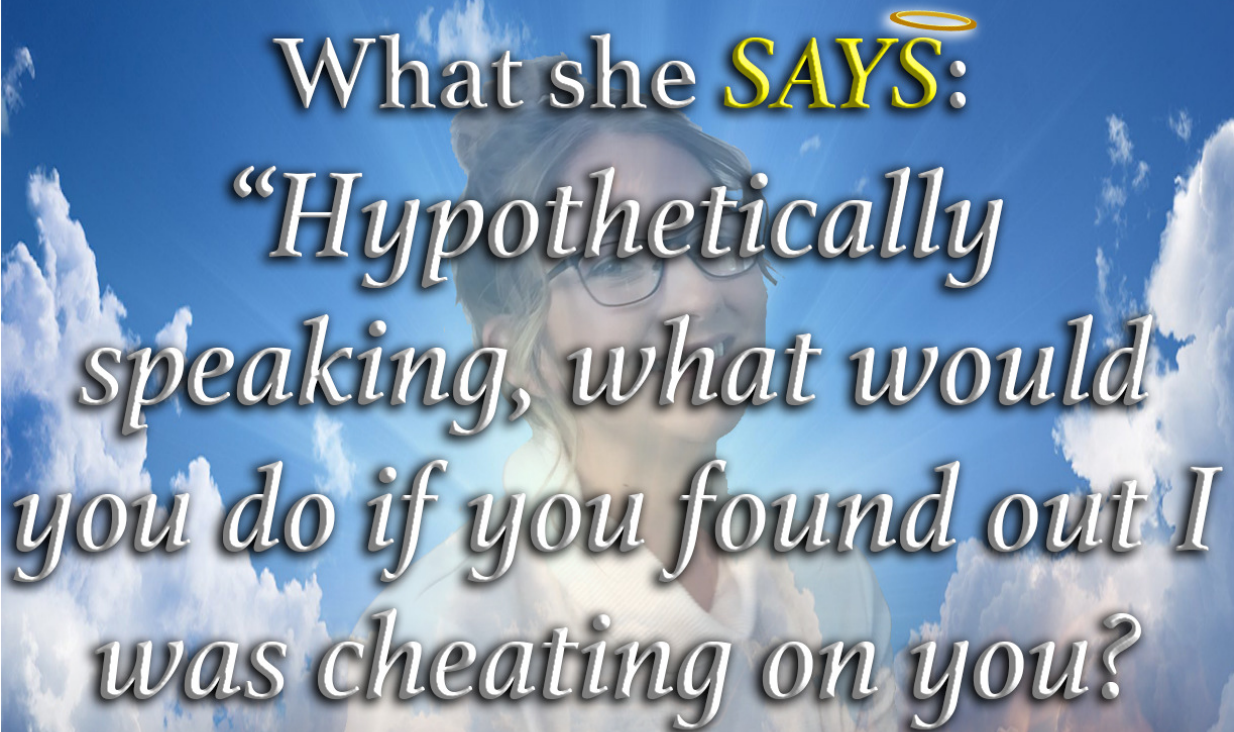

Indicators of
infidelity

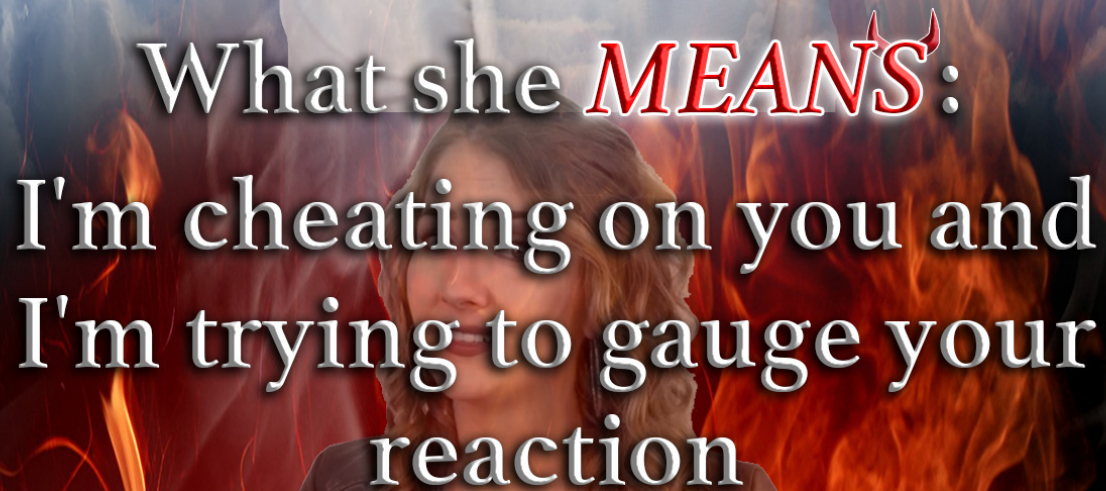

Believe it or not, when a woman is cheating on you, she is constantly giving you clues. But the reason you don't know about it, is because you don't know what to listen or watch for.

When a woman starts having an affair, she involuntarily does and says things that tell us in no uncertain terms that she's being unfaithful. This chapter will teach you how to recognize the words and actions of a cheating wife or girlfriend.

What she **SAYS**:
*“Hypothetically
speaking, what would
you do if you found out I
was cheating on you?”*

What she **MEANS**:
*I'm cheating on you and
I'm trying to gauge your
reaction*

Volume II, Chapter II:
Indicators of infidelity

Why does she say this?

A lot more women present his “hypothetical” situation than you might realize. When she SAYS “hypothetically” she MEANS “this is happening now.” Any man who doesn’t give credence to this obvious sign she’s cheating deserves to have his heart crushed

What she **SAYS**:

*“Do you like my new
hairdo?”*

What she **MEANS**:

I'm cheating on you and I
got this hairdo for the guy
I'm cheating with

Volume II, Chapter II:
Indicators of infidelity

Why does she say this?

When a woman is cheating, she wants to look her best all the time for the guy who's butt fucking her. And a lot of times, women will ask their husbands and boyfriends their opinion on their new hairdo, outfits, or anything else to get a male point of view. A lot of Men are confused as to why she never dyed her hair blonde like he wanted until just now. That's not for you player....that's for her paramour.

What she **SAYS**:
“Damn, I’m out of
razors...”

What she **MEANS**:
I want to be nice and
smooth for the guy I’m

Volume II, Chapter II:
Indicators of infidelity

Why does she say this?

Like their hair and makeup, women always make sure they're well groomed for the guy she's cheating with. I've fucked a lot of girlfriends and wives and their pussies were always as smooth as a baby seal or their pubes were manicured to perfection. If your woman all of a sudden starts giving a shit about the landscaping down south, trust me when i tell you, it's not because of you.

What she **SAYS**:

*“I’m gonna be doing
more traveling for
work”*

What she **MEANS**:

*I’m going to cheat on you
and I need **ANOTHER**
preexisting excuse*

Volume II, Chapter II:
Indicators of infidelity

Why does she say this?

Remember what I said about women who travel? The same applies here. Just because a woman isn't on vacation when she's traveling doesn't mean she doesn't have her dick radar on. I can't tell you how many women I've fucked who were in town on business. This is why I always advise my guys to NEVER commit to a woman who travels for work. They ALWAYS cheat.

The image is a vertical composition. The top half features a woman with short blonde hair, glasses, and a halo, wearing a white sweater, set against a blue sky with white clouds. The bottom half features a woman with long, wavy brown hair, wearing a black leather jacket, set against a background of intense orange and red flames. The text is overlaid on these two scenes.

What she **SAYS**:

*“Gosh, I really miss
my family. I need to
visit them more.”*

What she **MEANS**:

*Another preexisting
excuse I'm trying to create*

Volume II, Chapter II:
Indicators of infidelity

Why does she say this?

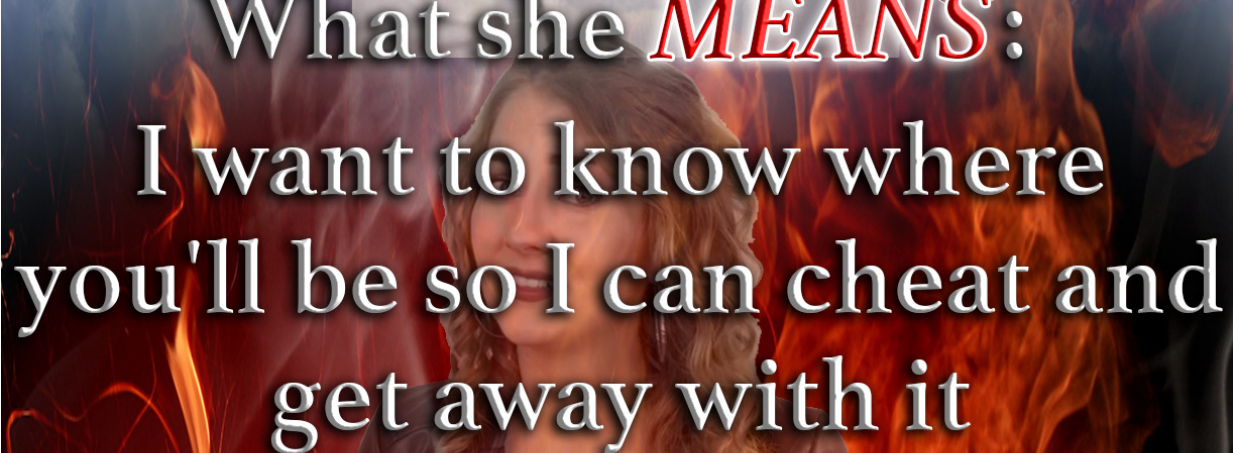

It would be one thing if she regularly visits her family once or twice a year, which by the way could still mean she's cheating. But when she decides to "visit family" out of the blue, she's going to visit the guy who blows her back out. Here's another thing....women have Men who live where their families live they fuck on the regular anyway which is a built in excuse. The bottom line is that when women travel, they cheat. Whether it's on vacation, business, visiting family, or holidays. "I need to visit my family" is one of the oldest tricks in the book.

What she **SAYS**:
*“What are your
plans today?”*

What she **MEANS**:
I want to know where

Volume II, Chapter II:
Indicators of infidelity

Why does she say this?

When your woman all of a sudden wants an itinerary of your day, it means she's planning to go get butt fucked and wants to make sure she doesn't run into you. Be very wary of a woman asking you for the details and times of your whereabouts.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“What time will you
be home later?”*

What she **MEANS**:

I want to know when you'll
be home so I can get my
cheating done beforehand

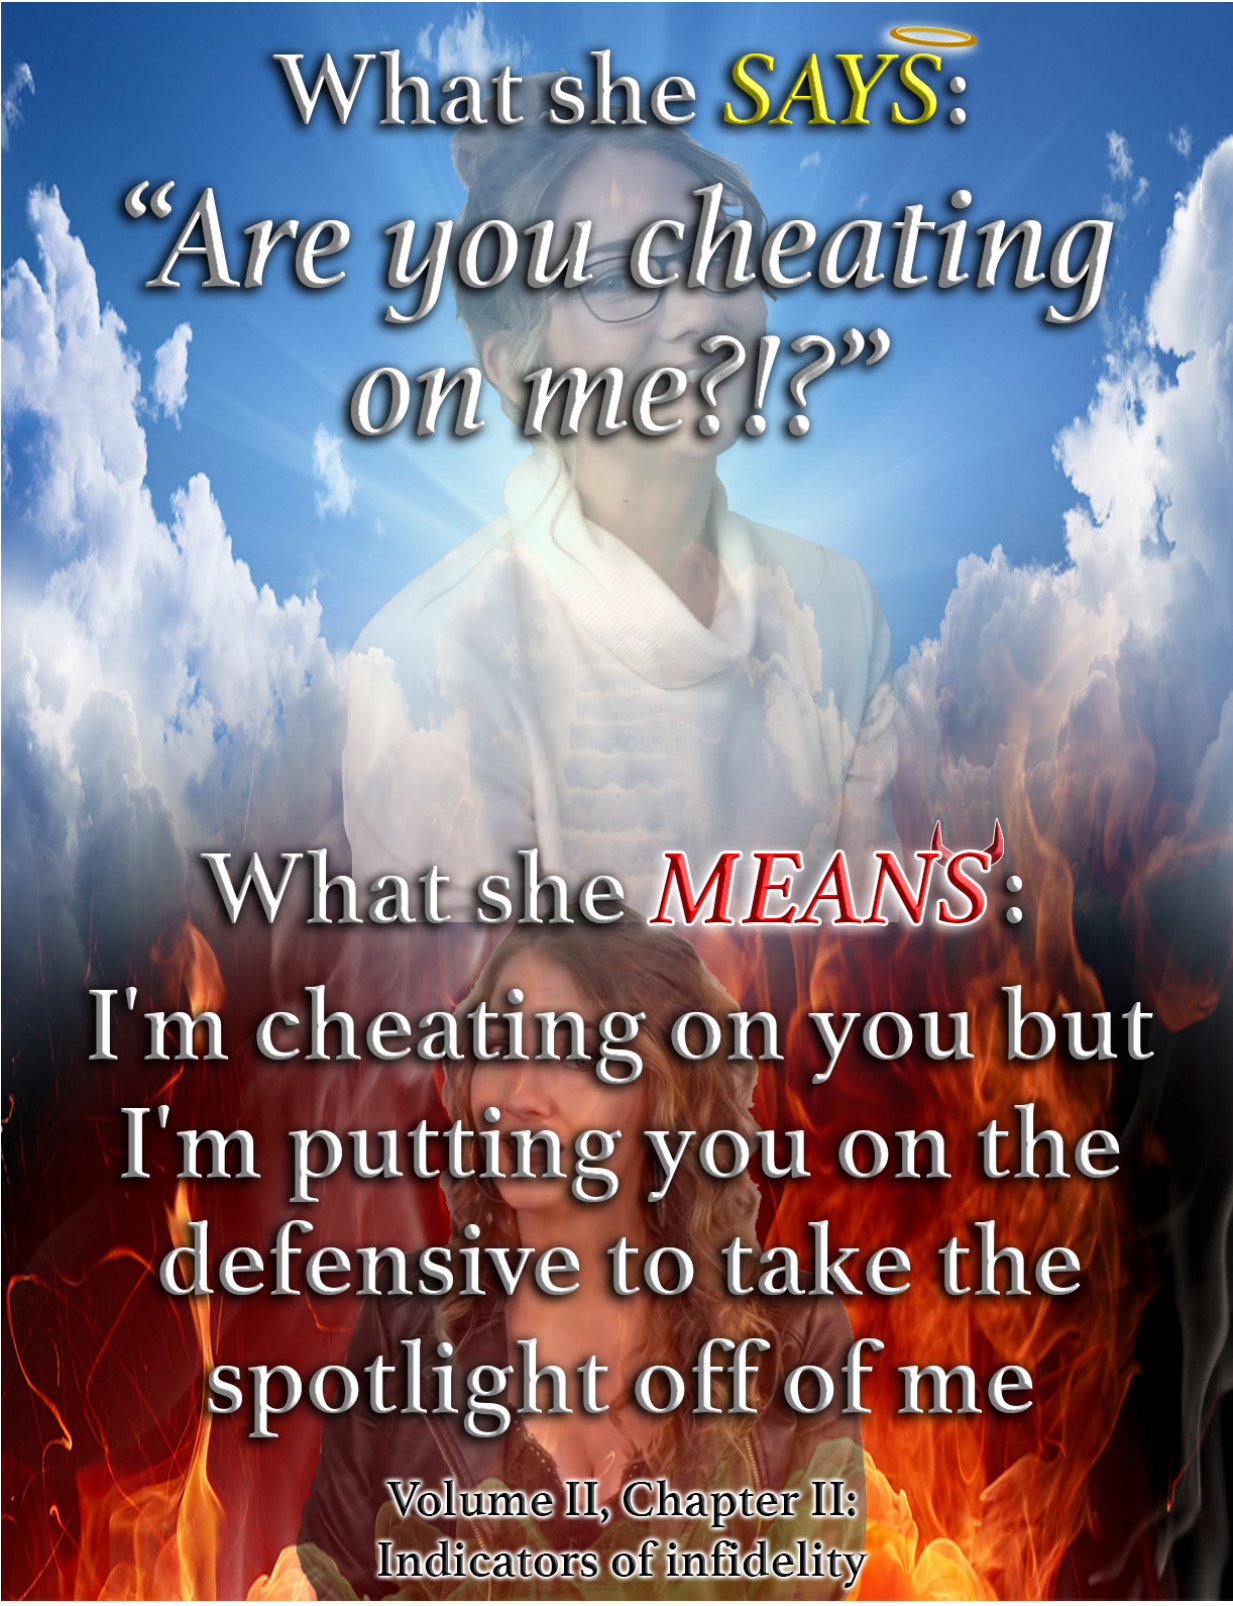

Volume II, Chapter II:
Indicators of infidelity

Why does she say this?

This is along the same lines as asking about your plans with one difference: she's planning on getting fucked on your bed. So many Men say "he fucked my wife in my own house or on my own bed" who still don't realize that she told him what she planned to do when she asked him what time he'd be home.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:
*“Are you cheating
on me?!?”*

What she **MEANS**:
I'm cheating on you but
I'm putting you on the
defensive to take the
spotlight off of me

Volume II, Chapter II:
Indicators of infidelity

Why does she say this?

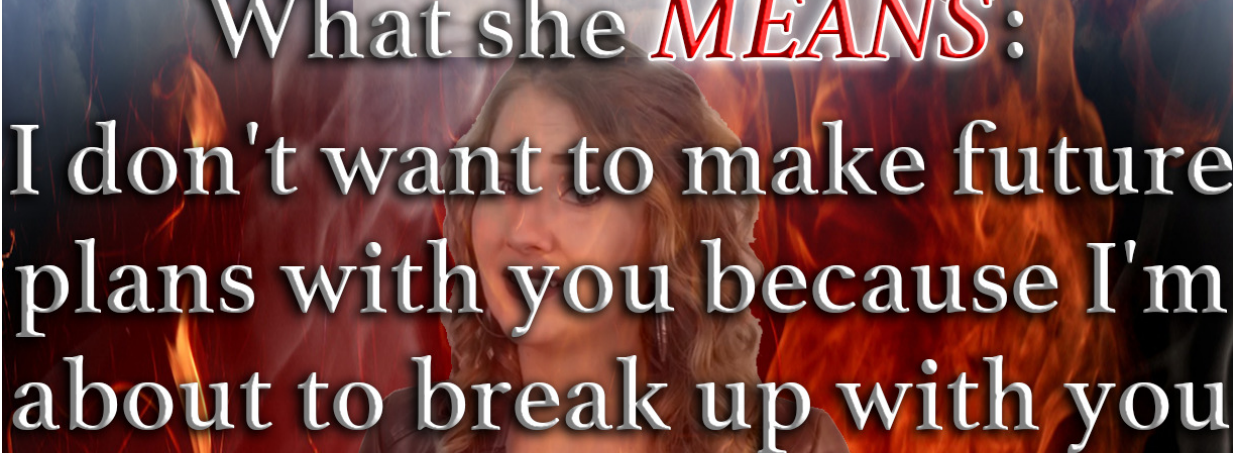

This is one of the oldest tricks in the book. Women who cheat will accuse their men of cheating so HE goes on the defensive which indirectly tamps down his own suspicions because he's too busy trying to convince her he's not cheating. If your woman accuses you of cheating and you know she has no reason to, it's because she's taking dick on the side.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:
*“That's months
away! Let's wait to
plan that trip”*

What she **MEANS**:
I don't want to make future
plans with you because I'm
about to break up with you

Volume II, Chapter II:
Indicators of infidelity

Why does she say this?

This one blindsides a lot of Men, myself included. I tried to make plans with a girl I was dating. I made plans for a beach trip that was only a week away. She told me "let's see what happens when the weekend gets here." 3 days later, she dumped me. If you try to make plans with your girl and she says it's too far out, she's about to dump you.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:
*“You really didn't
have to do this for
me”*

What she **MEANS**:
I feel guilty for having
cheated and I know I don't
deserve this

Volume II, Chapter II:
Indicators of infidelity

Why does she say this?

Girls say this as a matter of habit to avoid looking ungrateful or entitled. But if you watch her body language, and you see that she's actually feeling guilty about the gift you bought her or the thing you did for her, you can bet your ass she's cheating.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:
“What? I **LIKE**
looking at you!”

What she **MEANS**:
I'm questioning our
relationship and I stare at
you while I'm daydreaming
about cheating on you

Volume II, Chapter II:
Indicators of infidelity

Why does she say this?

When a woman is in the process of giving herself a reason to cheat and/or break up with you, she'll often stare at you while she's thinking about it. This is something they do subconsciously. Women don't stare at their boyfriends or husbands because they're admiring them or thinking about how much they love them. At least not anymore.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“What? I’ve always
listened to rap
music!”*

What she **MEANS**:

The guy I’m cheating with
listens to rap music

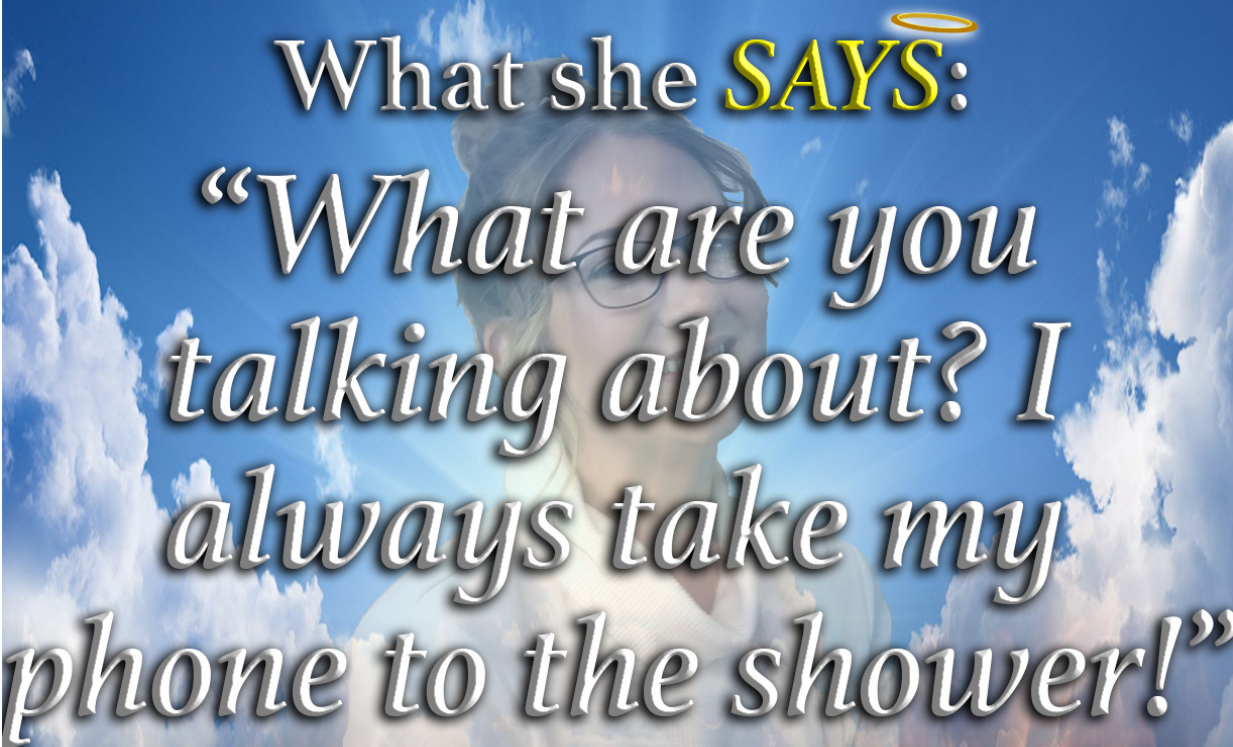

Volume II, Chapter II:
Indicators of infidelity

Why does she say this?

If your woman all of a sudden starts listening to another genre of music, or starts taking interest in things she's never talked about before, it could be because the guy she's fucking on the side has these preferences. This is why you have to pay attention guys. Sleepwalking through your relationship causes you to miss these signs. Never forget that the strongest Man in her life influences her the most. If that's no longer you, she'll start to change interests.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:
*“What are you
talking about? I
always take my
phone to the shower!”*

What she **MEANS**:
*I'm texting the guy I'm
cheating with*

Volume II, Chapter II:
Indicators of infidelity

Why does she say this?

This one's simple: If a woman takes her phone into the bathroom, she's a slut. Period. You also have to pay attention to her actions early. If she doesn't take her phone to the bathroom on the regular but all of a sudden she starts to, there's a 456% chance she's cheating. The way to nip this in the bud is to make clear to her that you don't commit to women who take their phones into the bathroom. But keep in mind you have to be very high value.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:
*“It's too hot to hold
hands”*

What she **MEANS**:
I can't hold hands with a
Man I no longer love

Volume II, Chapter II:
Indicators of infidelity

Why does she say this?

It's very difficult for a woman to show physical affection outside of sex to more than one man. If she can, she's BPD or dark triad. But because most women aren't, this is a tell tale sign that someone ELSE is holding her hand....the guy she's fucking behind your back. If your woman stops holding your hand, grabbing your arm or stops showing physical affection, she is most definitely fucking around on you.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“I don't like anal sex
anymore. It's
degrading!”*

What she **MEANS**:

The guy I'm cheating with
butt fucks me so I don't
want you to anymore

Volume II, Chapter II:
Indicators of infidelity

Why does she say this?

A girl could be fucking 5 different guys, but she only wants to be fucking one. THAT'S the guy who gets her sexual best every time. This means sucking his cock and letting him butt fuck her. If your woman all of a sudden stops blowing you or letting you go back door, another man definitely is....and THAT'S the guy she wants to be with.

Womanese Vol. 2
Professor Sharpe

What she **SAYS**:

*“I think I'm gonna
join a book club”*

What she **MEANS**:

Another excuse to explain
my evening absences

Volume II, Chapter II:
Indicators of infidelity

Why does she say this?

If she hasn't already created a margin to cheat early on which, I covered in Section 1, she'll attempt to when the guy on her radar makes it clear to her he wants to fuck her. This applies to any activity she suddenly shows interest in that happens in the evening like pottery classes, cooking classes, spin class and so forth. And like I said, girls don't read shit so if she mentions something that requires actually using her brain, she's definitely lying.
